**GOVERNMENT OF ANDHRA PRADESH  
ABSTRACT**

**Energy Department** – Proposal for setting up of self identified 1800 MW of Veeraballi Off-stream Closed Loop Pumped Storage Project (OCPSP) by M/s Astha Green Energy Ventures India Private Limited - Allotment of 1800 MW of Veeraballi Off-stream Closed Loop Pumped Storage Project (OCPSP) at Vongimalla village, Veeraballi Mandal, YSR and Annamayya Districts – Orders – Issued.

=====

**ENERGY (POWER.II) DEPARTMENT**

**G.O.Ms.No.16**

**Dated:12/09/2022**

**Read the following:-**

- 1.Proposals dated 18.07.2022 of M/s Astha Green Energy Ventures India Private Limited, Hyderabad.
- 2.Govt Letter No. ENE01-APRE/9/2022-POWER-II, dated:25-07-2022
- 3.From the Vice Chairman & Managing Director, New and Renewable Energy Development Corporation of Andhra Pradesh (NREDCAP), letter No. NREDCAP/WE/PSP/ASTHA/2022 dated 26.07.2022.
- 4.From the Member-Convenor, APPCC, Vijayawada, letter No. MC/APPCC/CGM(PP)/DGM(T&H)/F.PSPs/D.No./22-08-2022.

\*\*\*\*\*

**ORDER:-**

Renewable Energy has started playing an increasingly important role worldwide in augmentation of grid power, providing energy access, reducing the consumption of fossil fuels thereby mitigating the climate change challenges. Andhra Pradesh being one of the leading States contributing to the RE capacity addition, has been rolling out multiple initiatives, programs, policies and incentives to accelerate the development of the renewable energy sector. However, in order to balance the variations in RE generation, reliable Energy Storage solutions are required. Though various energy storage technologies are available, Pumped Hydro Storage Power Projects (PSP) offer highest promise due to their flexible operation to balance the Variable Renewable generation in short span of time. Andhra Pradesh is in forefront in the country in identifying potential sites for promotion of Pumped Storage Hydro Power Projects. Techno-Commercial Feasibility Reports (TCFR) were prepared with an aggregate potential of 33,240 MW. Detailed Project Reports are under preparation for most viable locations in a phased manner. Considering the huge capital investments required to establish PSP Projects, the Government is intending to encourage private investments in already identified PSP projects.

2. Further, the Government of India has committed at the 26th session of the Conference of the Parties (COP26) to the United Nations Framework Convention on Climate Change (UNFCCC) held in Glasgow, United Kingdom to reach 500 GW Non-fossil energy capacity by 2030 and achieve the target of net zero emissions by 2070. In view of the commitments of Government of India, the share of Renewable Energy is expected to be increased substantially in the country in the

(P.T.O.)

coming years and is going to be more challenging than ever before to maintain stable grid due to variations in Renewable Energy generation. The Govt. of India has identified pumped storage hydro projects as one of the most prominent energy storage options that can be considered for balancing of variable renewable energy and is extensively promoting development of PSPs which is the most commonly used and commercially viable large scale electricity storage technology and currently accounts for 95% of the total storage capacity globally.

3. In the reference 1st read above, M/s Astha Green Energy Ventures India Pvt. Ltd. (M/s AGEVIPL), Hyderabad, have submitted proposal to the Government for allocation of 1800 MW Veeraballi Off-stream Closed Loop Pumped Storage Project (OCPSP) at Vongimalla Village, Veeraballi Mandal, falling in YSR and Annamayya Districts.

4. M/s Astha Green Energy Ventures India Pvt. Ltd, Hyderabad has proposed to set up self identified Veeraballi off-Stream Closed Loop Pumped Storage Project (OCPSP) that could be potentially integrated with the company's existing and upcoming renewable energy projects for surplus energy storage. M/s. Astha Green Energy Ventures India Pvt. Ltd. have requested to extend certain incentives including allotment of land to the extent of 490 acres of non-forest land and about 900 acres of Forest land and issue project allotment order for development of self-identified 1800 MW of Veeraballi Off-stream Closed Loop Pumped Storage Project (OCPSP) and extend necessary support required from relevant departments of GoAP for grant of various approvals, clearances related to the above projects. Implementation of 1800 MW of Veeraballi Off-stream Closed Loop Pumped Storage Project (OCPSP) will bring investment to an extent of Rs. 8,240 Crores and the project help to improve the local economy besides creating direct and indirect employment to approximately 4000 persons.

5. The proposal of M/s. Astha Green Energy Ventures India Pvt. Ltd. has been placed before State Investment Promotion Board (SIPB) meeting held on 05.09.2022. The SIPB has taken the following decisions:

- i. Allotment of 1800 MW Pumped Storage Hydro Power (PSP) near Vongimalla village, YSR and Annamayya Districts.
- ii. Extend Mega Industrial Project Status to the project to facilitate single window clearances. NREDCAP will be the Nodal Agency. However, no incentives will be provided.
- iii. Allotment and alienation of land required and available if any in the project area for the project on outright sale basis @ Rs. 5.00 lakhs per acre or on lease basis with lease rentals of Rs.31,000/acre with an escalation of 5% for every two years, based on the option of the Project developer at Vongimalla(V), Veeraballi Mandal, Annamayya Districts.

(Contd..P.3)

- iv. Allocation of 0.573 TMC of water on one-time non-consumptive basis and 0.150 TMC water towards annual evaporation losses from Mandvi river as per the Industrial Water Supply Policy/Guidelines and subject to guidelines issued by the Water Resources Department.
  - v. Green Energy Development Charges shall be levied @ Rs.1 lakh/MW/Year for 1st 25 years and Rs. 2 lakhs/MW/year for the remaining life of the project.
  - vi. Govt. of Andhra Pradesh will support and facilitate the project for availing grants of special category projects under Central Govt. schemes.
  - vii. Govt. of Andhra Pradesh will facilitate the project for availing benefits provided as per National Energy Storage Policy without any financial commitment from Govt. of Andhra Pradesh.
  - viii. The project shall be completed within 6 years from the date of handing over of revenue lands available if any at the proposed project location.
6. Government after detailed examination of the proposal of M/s Astha Green Energy Ventures India Pvt. Ltd., in consultation with various stakeholders i.e., Revenue Dept., EFS&T Dept., Water Resources Department and APPCC in the light of the decisions taken in the State Investment Promotion Board, have decided to extend the similar incentives that are considered for Pumped Storage Hydro Power Projects allotted to Greenko Energies Limited and M/s. Adani Green Energy Ltd. Accordingly, Government hereby issue the following orders:-
- i. Self identified 1800 MW of Veeraballi Off-stream Closed Loop Pumped Storage Project (OCPSP) is allotted to M/s Astha Green Energy Ventures India Pvt. Ltd. at Vongimalla Village, Veeraballi Mandal, falling in YSR District and Annamayya Districts.
  - ii. Mega Industrial Project Status has been accorded to the project to facilitate single window clearances. NREDCAP will be the Nodal Agency. However, no incentives will be provided.
  - iii. Allotment on lease basis/alienation of land required to the extent of 490 acres of non-forest land and about 900 acres of Forest land available if any in the project area for the project either on outright sale basis @ Rs.5.00 lakhs per acre or on lease basis with lease rentals of Rs.31,000/acre with an escalation of 5% for every two years, based on the option of the Project developer at Vongimalla(V), Veeraballi Mandal falling in YSR and Annamayya Districts.
  - iv. Allocation of 0.573 TMC of water on one-time non-consumptive basis and 0.15 TMC water towards annual evaporation losses from the nearby Mandavi river as per the Industrial Water Supply Policy / Guidelines and subject to guidelines issued by the Water Resources Department from time to time.

(P.T.O.)

- v. Green Energy Development Charges shall be levied @ Rs. 1 lakh/MW/Year for 1<sup>st</sup> 25 years and Rs. 2 lakhs/MW/year for remaining life of the project.
  - vi. Govt. of Andhra Pradesh will support and facilitate the project for availing grants of special category projects under Central Govt. schemes.
  - vii. Govt. of Andhra Pradesh will facilitate the project for availing benefits provided as per National Energy Storage Policy without any financial commitment from Govt. of Andhra Pradesh.
  - viii. APTRANSCO shall facilitate for evacuation of power from the proposed PSP Projects to the nearest CTU sub-stations. Necessary evacuation facility till the nearest CTU shall be developed by M/s Astha Green Energy Ventures India Pvt. Ltd.
  - ix. The Forest Department shall extend necessary support and facilitate to carry out surveys and investigations in forest areas and diversion of forest lands.
  - x. The Power generated from these pumped storage projects would be connected to Power Grid substations and delivered outside the State with no obligation for DISCOMS to purchase power. However, DISCOMS shall have the first right of refusal.
  - xi. The allocated project shall be completed within a period of Six (6) years from the date of handing over of revenue lands available if any at the proposed project location, failing which the entire land shall be resumed back to the Government.
7. The Revenue Department/EFS & T/Industries & Commerce/Water Resources Department/ Chairman & Managing Director, APTRANSCO, Vijayawada shall take necessary action accordingly with respect to their issues mentioned at para 6 above.
8. The Vice Chairman & Managing Director, New and Renewable Energy Development Corporation of Andhra Pradesh Ltd., Tadepalli shall take further necessary action accordingly.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
